

Here, we are,  
Just dancing out our dreams,  
And it's fun, really fun!  
And we know that there's a journey  
And we are prepared to face  
Any challenge that dares to face us

A star is born  
A shooting star  
From a wishing well  
From a land afar

(Rap)  
C'mon people I wanna hear ya, let's talk  
Now I've gotta walk the walk  
C'mon people haven't got all day  
'Cause now it's time for me to play

I'm a little star  
A shooting star

From a wishing well  
From a land afar

Here it is  
All burning bright  
Guess what – it's me!  
My life in flight  
Neev lit my light.
